## Football Spirit Of 1911 Is Again Strong At Princeton

PRINCETON, N. J., Sept. 22.—The football spirit of 1911 has been revived at Princeton. "Speedy" Ruseon has been welcomed as only a coach who has the entire confidence of his student body can be welcomed. His task is to develop an entirely new team.

With Captain Glick as the center of his offense, the Tiger coach can assemble Moore, Law, Charles Dickman, Briggs, Abbotts, Ames, Boland, and Elbert of last year's Varsity, and Blake, Young, Goodspeed, and King of the freshman.

In the line ex-Captain Ballin, who was a strong defensive player, as well as E. Trenckman, will be missed. E. H. Brown at right end, Laubertoin at left end, Bigler at left tackle, and Gennert at center, leave little of the old line for this year's team. The most promising candidates for the end positions are Higley, Shea, A. Brown and A. Wilson, brother of the Yale captain. To fill in the holes left by Ballin and Elbert, Coach Ruseon will have second string tackles Ross, McLenn, and Lawton, and Kauffman and Law of the freshman squad. For the guard positions Foster, Hogg, Hayniger, Lawrence, all of whom have had Varsity experience, together with Halsey and Warden, former high school players, are leading candidates. Nourse, center two years ago, is again eligible, but he will

have to beat Haaren and Breslin of the sophomore class for his old place.

## LAVEN'S TEAM STATE VOLLEYBALL CHAMPIONS

Claim Title Because They Have Licked All Other Teams They Have Opposed

The Phoenix Y. M. C. A. volleyball team No. 3, now claims the championship of Arizona, having decisively defeated every team with which it has played.

Last spring the team journeyed to the Southern Arizona fair and won in a series with the Tucson Y. M. C. A. A return match will probably be arranged to be pulled off during the state fair this fall. The Bishes and Douglas Y. M. C. A. may also have their teams here to compete in the tournament.

The games played Tuesday evening between the "Y" Junior volleyball team and team No. 3, resulted in three straight sets for the seniors: 21 to 15, 21 to 7, and 21 to 4. The players on team No. 3 were: Everett C. Laven, captain; L. W. Cogline; Barnett E. Marks; Dick Erdman; and Eben Lane. The Junior team: Harry Putney, captain; Norman Chaney; Young, Case and McKee.

## "THE COYOTE" SENIOR HIGH SCHOOL ORGAN

Semi-Monthly Newspaper to Be Issued with Norma Brazee as Editor-in-Chief

The senior class was called to a meeting held in the assembly yesterday afternoon immediately after the close of the seventh hour. Mr. Cook was chairman of the meeting, at which he explained to the senior class that a school of the size of the P. H. S. should be perfectly capable of publishing a newspaper, and after much discussion the class decided that now was the proper time for such a move and they elected the following editorial staff:

Norma Brazee, Editor-in-Chief  
John Akers, Business Manager  
Sid Myers, Circulation Manager  
Frank Luke, Athletic Editor  
Maude Stewart, Society Editor  
Herbert Hershman, Joke Editor  
Byron Ketchum, Alumni Editor  
Yohela Posey, Cartoon Manager

This paper will be called "The Coyote" and will be issued once every two weeks at the start, but after it gets going it will be published once a week. "The Coyote" will sell for five cents a copy or fifty cents a year. The paper should interest every student in the school, as it will print the different happenings taking place in and around the school.

In the assembly held yesterday morning the first hour, the announcement was made by Harry Westfall, captain, that the freshmen football team challenges the sophomores to a game of football to be played Friday afternoon. This challenge was accepted by Captain Gear of the Sophomores promptly.

This was not all, either, for as soon as Captain Gear had taken up the challenge of the freshmen, Captain Wilky of the juniors popped up and challenged the seniors to a game a week from Friday, which Captain Marlar of the seniors accepted with great pleasure.

## WAR AND RELATED TOPICS

[ASSOCIATED PRESS DISPATCH]  
SAN FRANCISCO, Sept. 22.—Naval experts of three nations discussed war and related topics at today's session of the International Engineering Congress. The speakers were Lieutenant Commander Dudley Knox of the United States navy, Office of Naval Intelligence; Max Laubert, former chief of construction of the French navy; R. H. M. Robinson, managing director of the

to the recognition of the Western Federation, he said, "I have weighed this question carefully and have considered the cost of injecting the recognition question into the issue at this time. I am willing to waive recognition at this time. I want to say that recognition at the present is not with the intention of again disturbing conditions in the district. That is the spirit I want to instill in the minds of the mine managers. I desire to say I am coming here in good faith and hope for better industrial conditions and that the relations between employer and employee will be such that they will have no objections to my intervention when I may come again."

It was authoritatively announced today that President Charles F. Moyer would arrive in Clifton Friday afternoon. All mine property in the district continues in the hands of Sheriff Cuth who is confident that he can handle the situation without outside interference. It is reported that the committee in the event a conference is arranged with the mine managers, will ask for the Miami scale which calls for a minimum of \$3.50 underground.

The general opinion is that the differences will be adjusted quickly. If they are not the shut down will be a long drawn out affair working great hardship on the entire community.

**No General Outbreak**  
BERLIN, Sept. 22.—As far as can be learned here no word has been received in Berlin of mobilization by either Greece or Rumania nor any indications that Bulgaria's action will necessarily lead to a general outbreak in the Balkans. The belief is expressed in well informed quarters that Rumania will at least remain quiet and the possibility of Greece, Rumania and Bulgaria reaching an agreement is entertained.

**Bombarding Servians**

names. His efforts will probably result in some betterments which I hope may be permanent. However, he has missed the fundamental trouble in the coal camps. Democracy never existed among men who toil under ground. Coal companies have stamped it out. They are not trying to restore democracy but are trying to substitute paternalism for it. I am glad to assume that Rockefeller is earnest in his desire to do something for the miners, but Rockefeller will be here only a week or two. After he is gone, what then? The miners will have neither organization nor contracts to protect them. They will be at the mercy of whatever superintendent or pit boss the company may select."

## SYSTEM BREEDS ARSON

[ASSOCIATED PRESS DISPATCH]  
DELMONTE, Sept. 22.—Declaring that the present system of loss payments placed a premium on carelessness and automatically bred arson, H. L. Elern, former insurance commissioner of Wisconsin, made a plea at the National Insurance convention for a searching investigation of the causes of all fires. He said the fires in this country have increased three fold in thirty years. Commissioner Philpot of California, said the companies are doing their best to correct unsatisfactory conditions, and urged the convention to interest itself in fire prevention instead of criticizing the companies.

PORTLAND, Sept. 22.—With the principal speeches disposed of and the resolutions committee fully informed of the wishes of each of the various contending interests represented, the Western States Water Power Conference brought its session to a close with a banquet tendered by the Portland Chamber of Commerce. Generally the Ferris bill was the subject of discussion, although allegations and denials that the conference was corporation-controlled brought forth differences of opinion.

[ASSOCIATED PRESS DISPATCH]  
NEW YORK, Sept. 22.—The Anglo-French financial commission here to establish a huge credit for Great Britain and France was in continuous session today. The matters discussed were not disclosed. ## HE APOLOGIZED

The young son of the family, who had been out to luncheon at a little friends house, was asked by his mother on his return whether he had been a good boy. He hesitated a moment, then answered, "Yes."  
"You don't seem to be very sure about the matter," said his mother. "What did you do?"  
"Oh, I just spilled my chop in my lap," he replied.  
"Did you apologize to Mrs. Brown?"  
"Yes," he nodded.  
"Tell mother what you said when you apologized."  
"Oh," came the quick response, "I said, 'Excuse me, but that's what always happens to tough meat.'"—New York Globe.
